

GAC Oil & Gas Logistics

Integrated shipping, logistics and marine solutions

Whether you're seeking, developing or extracting energy resources, GAC can take the strain and put our technical muscle and skill at your service.

Delivering your strategy.

It takes a lot to keep the oil and gas industry running smoothly and efficiently – GAC has the experience, resources, coverage and expertise to do just that.

Whether you're an operator, a surveyor, a driller or an EPC company, we understand your core needs to deliver flexible customised services that help you achieve a bigger slice of success.

One partner, total service

You need on-time delivery of materials from vendor to rig floor and then back again? Think GAC and our seamless visible supply chain solutions.

Or perhaps you're looking for a professional supplier to take care of Purchase Order (PO) management, collection and transport, packing/crating, freight services, warehousing, customs clearance and delivery? Again, think GAC.

We also provide agency services for rigs and vessels, arrange charters, provide bunker fuels and provisions, quayside assistance and waste management solutions – all in a single unique customised package.

Whatever your oil and gas supply chain requirements, you only need GAC as your global strategic partner.

And where the demand for fuel takes you, GAC is there supporting you from our strategic bases around the world.

Highest performance, safety & compliance standards

Our operations are in full adherence with the Group's strict compliance and ethics policies – underpinned by the GAC Code of Ethics. This includes anti-corruption regulations such as US Foreign Corrupt Practices Act (FCPA) and the UK Bribery Act 2010, environment-based and zero incidents policies.

The Group's global reach provides security through one company control, ensuring strict quality, Health, Safety, Security, Environment (HSSE) and compliance implementation throughout the entire project.
